history, excitement and real ships

A Unique Venue for any Occasion

Whether it is a conference, lecture, product launch, wedding or cocktail party, the Maritime Centre has something different to offer your event.

The Venue

The Maritime Centre is located in the heritage listed Shed A, Lee Wharf, a converted cargo building that once bustled with life as sail and steamships ships were loaded for destinations around the world.

Your guests can mingle amongst the world class exhibits that tell the story of the harbour or admire the harbour views.

It's a venue that breaks down the barriers and provides lots of warm intimate spaces that encourage conversation and interaction.

Packages

Whatever your occasion, the Maritime Centre can help arrange for packages to suit.

All functions at the Maritime Centre are catered by Silo Catering

The Centre can offer as much or as little help as your function requires.
